Product overview

Smart charger, Small size, Stylish design

Easy control via mobile APP, always being the most reliable and safe home charger.

Product features

Solid design wallbox

Meet IP65 & IK08 standard by lab test excellent water protection.

Indicator light

Showing real time charging status

Smart mini

GW smart components highly integrated in a 228.5x228.5x100 mm size mini body

TUV certified

All parts passed CE Certificates, and tested by TUV.

Smart charging

The smartphone App can realize the remote control and organize.

Real Smart

- Control your smart wallbox through Teison App by Bluetooth, WIFI and 4G
- Automatic identification
- Max charging Current adjustable
- Remote reach out of every charging process
- Charging records in Cloud
- Scheduled charging to save on your electricity bill
- OTA for new features

Highest safety

- PCV 0 housing with 2.0~3.0 mm thick exudes robustness and protects inside components from external influences.
- The housing is made from materials specially developed for top heat dissipation and with flame retardant coating.
- Completely meets all requirements of the CE applicable standards.
- AC + DC faults detection
- Real-time monitoring for heat and all instabilities during charging process

Parameter

Specification	Model	GW-MS-72-T2	GW-MS-110-T2	GW-MS-220-T2
Electrical Properties	Voltage	230V AC $\pm 10\%$	380V AC $\pm 10\%$	380V AC $\pm 10\%$
	Output Current	32A	16A	32A
	Frequency	50/60Hz	50/60Hz	50/60Hz
	Output Power	7kw	11kw	22kw
	Residual current protection	TYPE A (AC 30MA)		
Structure Design	Charging Outlet	4M charging cable with type1/2 plug		
	Housing Material	PCV0 for outdoor		
	Installation Method	Wall-mount/Floor-stand		
Security Protection	Safety Standard	EN 61851-1		
	Warranty	3 years		
	Protection Level	IP65		
	Temperature/Humidity	-30~50°C/5%~95% without condensation		
	Working Altitude	<2000M		
	Application Site	Indoor/Outdoor		
Environmental Performance	Working temperature	-30C ~60C		
	Storage temperature	-40C ~70C		
	Working humidity	5%~95%, No condensation		
	Altitude	$\leq 2000m$		
	Salt spray test	Meet IEC 61851-1:2017		
	Atmospheric pressure	80kPa~101kPa		
	Temperature & humidity	Meet IEC 61851-1:2017		
Communication	Network Gateway	Bluetooth as default		
	Mobile APP iOS and Android supported functions under Bluetooth	Scheduled charging, Start charging, Stop charging, Current adjustment (memorable) plug and play charging switch on APP Chargins status shown on APP		
Packing Details	Product Size	228.5*228.5*100mm	228.5*228.5*100mm	228.5*228.5*100mm
	Product Weight	4.4KG	5.2KG	5.4KG
Optional Accessories	Residual current protection	TYPE B (AC 30MA + DC 6 MA) as optional		
	Network Gateway	WIFI		
	Added APP functions under WIFI / 4G	Charging records shown on mobile APP, view and update the PIN code firmware updating function (OTA), multiple wallbox control		

Product size and packaging

Product size: 228.5*228.5*100mm

Product net weight: 4.4kg

Product gross weight: 5.4kg

Package

300*300*200mm

Product installation

Installation method 1

1. Use a drill to make mounting holes in suitable locations on the wall.

2. Tap the expansion bolts into the mounting holes.

3. Mounting the wallbox back plate on the wall.

4. Place the wallbox in from the top down and fix it to the back plate

5. Organise and secure the incoming cables of the wallbox.

6. Remove the protective film from the front panel to start using the product.

Installation method 2

1. Remove the two screws at the bottom of the cover plate, then push down and remove it from the wallbox.

2. Remove the 7 screws around the internal panel and take the panel down.

3. Use a drill to make mounting holes in suitable locations on the wall.

4. Tap the expansion bolts into the mounting holes.

5. Mounting the disassembled back cover on the wall

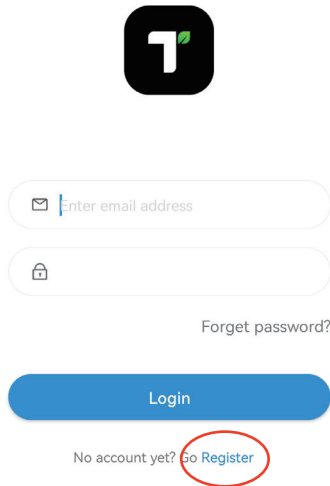

6. Install the removed front panel back in order.

Start to charge

Download APP: Teisonme

4G 15:38

The login screen features the Teisonme logo at the top. Below it are two input fields: one for email address and one for password. A 'Forgot password?' link is positioned below the password field. A blue 'Login' button is centered below the inputs. At the bottom, the text 'No account yet? Go Register' is displayed, with 'Go Register' circled in red.

+ Add device

After success login you will find the available ev charger

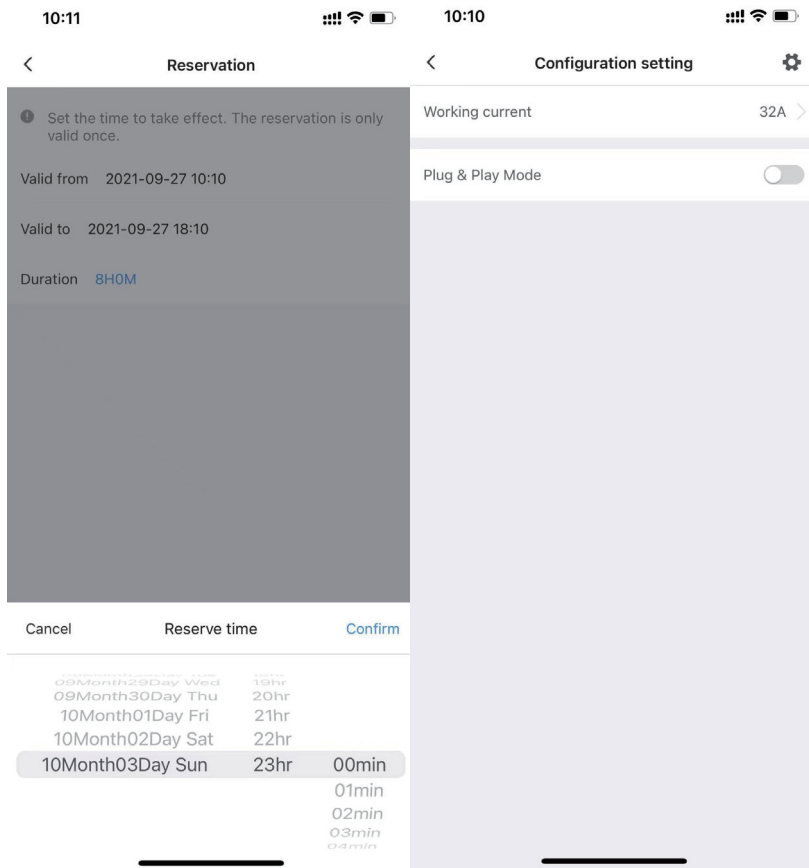

Choose ev charger into the main operation page

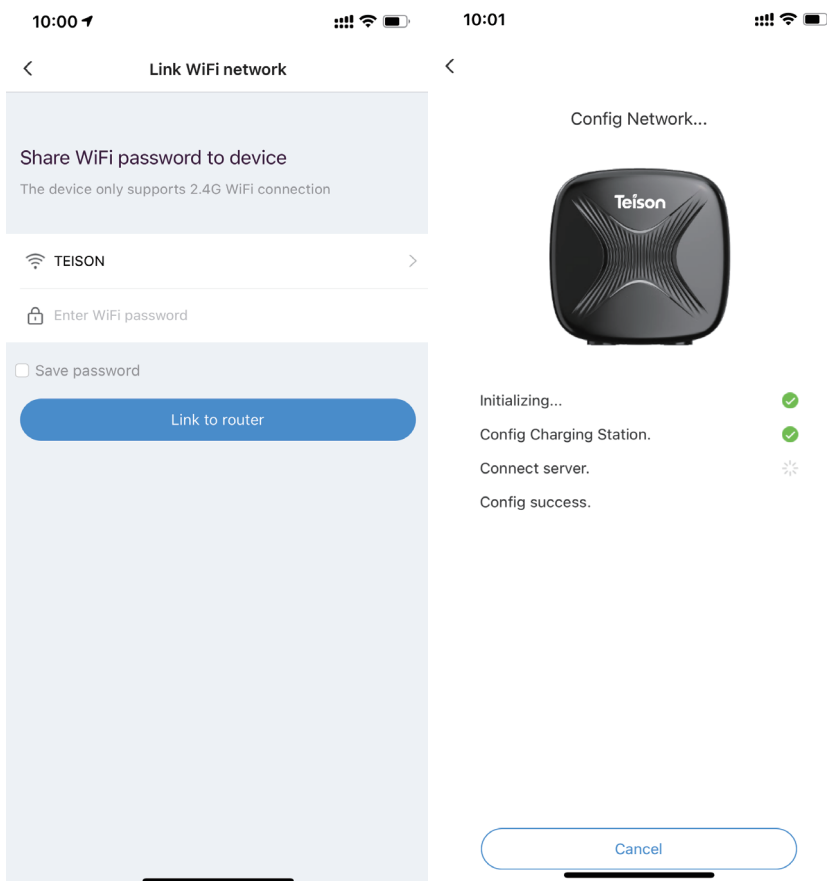

According to your need to enter charging mode, scheduling charging, current adjusted mode or set plug and play mode ,etc to control your ev charger

Set network ,choose WIFI or 4G (only under WIFI OR 4G mode), share the WIFI No. and password to ev charger

To set delay charging , charging end time by date , hour and minute , and to set the max charging current , and plug and play mode.

After completing the network setting, the ev charger will be online,if Bluetooth is still online, the users can control the Ev charger by Wifi or Bluetooth .

Fault handling

Red light flash times	Condition	LED Status
1	Electric leakage	Below indicator light flash slowly
2	Over-voltage	
3	Under-voltage	
4	Over-current	
5	Over-temperature	
6	Electric leakage self-testing abnormal	
7	/	
8	CP pilot abnormal	
9	Relay abnormal	
10	/	
11	System 12v abnormal	
12	System -12V abnormal
